

CONTRACTORS ENVIRONMENTAL LIABILITY

We offer coverage for a broad range of environmental exposures and have exceptional industry expertise. Our minimum premiums address the needs of small clients and coverage is available on a national basis, while our customer service is responsive and helpful.

With over 50 years of operation, RLI maintains its tradition of product innovation and superior service backed by solid financial resources. RLI is one of the most well-known carriers and has proven to be a leader in providing solutions to the wholesale community. Put our experience to work for you.

WHAT IS CONTRACTORS ENVIRONMENTAL LIABILITY?

This coverage is for third party, bodily injury, property damage and corrective action costs to clean up after a covered pollution event caused by contracting operations.

WHY IS IT NEEDED?

This coverage satisfies contractual requirements as a part of job specifications as well as covering the insured for their liabilities associated with contamination, defense cost, fines and penalties. All contracting activity has the potential to trigger a pollution event.

ISN'T THIS COVERED BY THE GENERAL LIABILITY POLICY?

Most general liability policies contain broad pollution exclusions. Almost any contaminant or pollutant can trigger an exclusion under the general liability.

WHY RLI ENVIRONMENTAL?

We have assembled a very broad, cutting-edge response to protect contractor insureds. Our offering is the intersection of competitive pricing and among the broadest coverages available for a wide array of contracting exposures from a trusted carrier with a proven claim's reputation. Our policies are flexible and we can tailor coverage to meet the varying needs of a wide range of insureds. RLI is A++ rated by AM Best company, A "Strong" by Standard & Poor's and can provide up to \$10MM in limits.

Coverage Features:

- Occurrence based coverage
