

# Environmental Excess

Argo Environmental offers environmental excess coverage up to \$25 million in capacity. Argo Environmental writes directly over its own primary environmental policies and provides excess over other environmental carriers.

## PROGRAM HIGHLIGHTS

- Policy limits up to \$10 million excess of primary or underlying excess and up to \$25 million when attaching above the first \$10 million
- Underlying carriers must have an AM Best rating of “A-” or better
- Excess can include limits over employers liability and auto liability
- Minimum premium: \$5,000 per excess policy
- Minimum attachment point of \$1 million

## TARGET EXCESS OVER

- Environmental package policies, including GL and products
- Pollution/professional programs
- Site pollution
- Contractors pollution

## RESOURCES

- Send submission material to [env@argogroupus.com](mailto:env@argogroupus.com)
- Submission requirements:
  - » Three years' currently valued loss runs
  - » Expiring/underlying policies
- Applications are available at [argolimited.com/argo-environmental/applications](http://argolimited.com/argo-environmental/applications)
- Visit [argolimited.com/argo-environmental](http://argolimited.com/argo-environmental) for more details
